INSTRUCTIONS FOR FILING THIS SCHEDULE
The following instructions apply to columns 29 to 31:
COLUMN 29.—Write the Indian name, if the person has one, in addition to the English name given in column 3. If the Indian has only one name, Indian or English, repeat the name in this column.
COLUMN 30, 31, AND 32.—If the Indian was born in this country answers should be obtained, if possible, to questions 29, 34, and 35, relating to the date of birth of the person and of his or her parents. In any event secure the name of the tribe with which the person is connected and the name of the tribe of his or her parents, and enter the same in columns 30, 31, and 32.
COLUMN 29.—If the Indian has no white blood, write 0. If he or she has white blood, write 1, 1/2, whichever fraction is nearest the truth.
COLUMN 34.—If the Indian man is living with more than one wife, or if the Indian woman is a plural wife or has more than one husband, write "Yes." If not, write "No." If the Indian is single, leave the column blank.
COLUMN 35.—If the Indian was born in this country, no entry can be made in columns 16, 17, or 18; but for columns 23, 24, and 27 answers must be obtained. If the Indian was born in another country, answers will be made both in columns 16, 17, and 18, and in columns 23, 24, and 27, in accordance with the facts.
COLUMN 35.—An Indian is to be considered "taxed" if he or she is detached from his or her tribe and living among white people as an individual, and as such subject to taxation, whether he or she actually pays taxes or not; also if he or she is living with his or her tribe but has received an allotment of land, and thereby has acquired citizenship; in either of these two cases the answer to this inquiry is "Yes."
An Indian on a reservation, without an allotment, or remaining over unallotted territory, is considered "not taxed," and for such Indians the answer to this inquiry is "No."
COLUMN 36.—If the Indian was born in tribal relations, but has acquired American citizenship, write the year in which it was acquired. If he or she has not acquired citizenship, leave the column blank.
COLUMN 37.—If the Indian acquired citizenship by accepting an allotment of land from the Government, write "Yes." If he or she has not acquired citizenship by other means, write "No." If he or she has not acquired American citizenship, leave the column blank.
COLUMN 38.—If the Indian is living in a tent, tepee, or other temporary structure, write "movable." If he or she is living in a permanent building of any kind, write "fixed."

INSTRUCTIONS FOR FILLING THIS SCHEDULE.

This modified form of Schedule No. 1 is to be used in making the enumeration of Indians, both those on reservations and those living in family groups outside of reservations.

Detached Indians living either in white or negro families outside of reservations should be enumerated on the general population schedule (Form 7-224) as members of the families in which they are found; but detached whites or negroes living in Indian families should be enumerated on this schedule as members of the Indian families in which they are found. In other words, every family composed mainly of Indians should be reported entirely on this schedule, and every family composed mainly of persons not Indian should be reported entirely on the general population schedule.

Columns 1 to 28.—These columns are identical with those on the general population schedule. Fill each column, so far as the inquiry applies, in accordance with the instructions for filling the corresponding columns in the general population schedule, but note the following additional instructions in relation to filling columns 1, 2, and 19:

COLUMNS 1 AND 2.—If you are enumerating a given territory with both the general population schedule (Form 7-224) and this schedule for Indian population, make two independent series of numbers for these columns, one series in each kind of schedule, so that the last numbers on the two schedules, when added together will correctly give the whole number of dwellings and of families visited and enumerated in your entire district.

COLUMN 19.—If the Indian has no occupation and is wholly dependent on the Government for support, write "Native Indian." If he is partly and supporting and partly dependent upon the Government, write the occupation and then the letter "I" (for Indian). If the Indian is under ten years of age and resides on a reservation, write "Under age—R."

INSTRUCTIONS FOR FILLING THIS SCHEDULE

This modified form of Schedule No. 1 is to be used in making the enumeration of Indians, both those on reservations and those living in family groups outside of reservations.

Detached Indians living either in white or negro families outside of reservations should be enumerated on the general population schedule (Form 7-24) as members of the families in which they are found; but detached whites or negroes living in Indian families should be enumerated on this schedule as members of the Indian families in which they are found. In other words, every family composed mainly of Indians should be reported entirely on this schedule, and every family composed mainly of persons not Indian should be reported entirely on the general population schedule.

This schedule contains on each side twenty horizontal lines, each ranging twice across the page, and it is consequently possible to enumerate on it only forty persons (twenty persons on the A side and twenty persons on the B side). Each Indian should be started through from the beginning to the end of the line on which he is entered, as line 1, line 4, etc., and each inquiry from column 1 to column 10 which applies to the individual case should be answered.

COLUMNS 1 TO 3.—These columns are identical with those on the general population schedule. Fill each column, so far as the inquiry applies, in accordance with the instructions for filling the corresponding columns in the general population schedule, but note the following additional instructions in relation to filling columns 1, 3, and 10:

COLUMNS 4 AND 5.—If you are canvassing a given territory with both the general population schedule (Form 7-24) and this schedule for Indian population, make two independent series of numbers for these columns, one series in each kind of schedule, so that the last numbers on the two schedules when added together will correctly give the whole number of dwellings and of families visited and enumerated in your entire district.

COLUMN 6.—If the Indian has no compound and is wholly dependent on the Government for support, write "Indian Indian." If he is partly supporting and partly dependent upon the Government, write "Partly Indian" and show the latter "P" (for mixed). If the Indian is wholly dependent upon his own resources, write "Under age—2."

INSTRUCTIONS FOR FILLING THIS SCHEDULE

This modified form of Schedule No. 1 is to be used in making the enumeration of Indians, both those on reservations and those living in family groups outside of reservations.

Detached Indians living either in white or negro families outside of reservations should be enumerated on the general population schedule (Form 7-224) as members of the families in which they are found; but detached whites or negroes living in Indian families should be enumerated on this schedule as members of the Indian families in which they are found. In other words, every family composed mainly of Indians should be reported entirely on this schedule, and every family composed mainly of persons not Indian should be reported entirely on the general population schedule.

This schedule contains on each side twenty horizontal lines, each running twice across the page, and it is consequently possible to enumerate on it only forty persons (twenty persons on the A side and twenty persons on the B side). Each Indian should be carried through from the beginning to the end of the line on which he is entered, as line 1, line 2, etc., and each inquiry from column 1 to column 7 which applies to the individual case should be answered.

COLUMNS 1 TO 3.—These columns are identical with those on the general population schedule. Fill each column, so far as the inquiry applies, in accordance with the instructions for filling the corresponding columns in the general population schedule, but note the following additional instructions in relation to filling columns 1, 2, and 3:

COLUMNS 1 AND 2.—If you are canvassing a given territory with both the general population schedule (Form 7-224) and this schedule for Indian population, make two independent series of numbers for these columns, one series in each kind of schedule, so that the last numbers on the two schedules when added together will correctly give the whole number of dwellings and of families visited and enumerated in your entire district.

COLUMN 3.—If the Indian has no occupation and is wholly dependent on the Government for support, write "Indian Indian." If he is partly dependent and partly dependent upon the Government, write the occupation and then the letter "I" (for Indian). If the Indian is under ten years of age and receives rations, write "Under age—I."

INSTRUCTIONS FOR FILLING THIS SCHEDULE
(CONTINUED FROM "A" SIDE OF SHEET.)

The following instructions apply to columns 29 to 31:

COLUMN 29.—Write the Indian name, if the person has one, in addition to the English name given in column 2. If the Indian has only one name, Indian or English, repeat the name in this column.

COLUMNS 30, 31, AND 32.—If the Indian was born in this country answers should be obtained, if possible, to inquiries 15, 16, and 18, relating to the state of birth of the person and of his or her parents. In any event secure the names of the tribe with which the person is connected and the name of the tribe of his or her parents, and enter the same in columns 30, 31, and 32.

COLUMN 32.—If the Indian has no white blood, write 0. If he or she has white blood, write 1, 2, 3, 4, whichever fraction is nearest the truth.

COLUMN 33.—If the Indian man is living with more than one wife, or if the Indian woman is a plural wife or has more than one husband, write "Yes." If not, write "No." If the Indian is single, leave the column blank.

CITIZENSHIP.—If the Indian was born in this country, no entry can be made in columns 14, 17, or 18; but for columns 24, 26, and 27 answers will be obtained. If the Indian was born in another country, answers will be made both in columns 14, 17, and 18, and in columns 24, 26, and 27, in accordance with the facts.

COLUMN 24.—An Indian is to be considered "taxed" if he or she is detached from his or her tribe and living among white people as an individual, and as such subject to taxation, whether he or she actually pays taxes or not; also if he or she is living with his or her wife but has received an allotment of land, and thereby has acquired citizenship; in either of these two cases the answer to this inquiry is "Yes."

An Indian on a reservation, without an allotment, or remaining over unsettled territory, is considered "not taxed," and for such Indians the answer to this inquiry is "No."

COLUMN 26.—If the Indian was born in tribal relations, but has acquired American citizenship, write the year in which it was acquired. If he or she has not acquired citizenship, leave the column blank.

COLUMN 27.—If the Indian acquired citizenship by receiving an allotment of land from the Government, write "Yes." If he or she acquired citizenship by other means, write "No." If he or she has not acquired American citizenship, leave the column blank.

In other words, every family composed mainly of Indians should be reported entirely on this schedule, and every family composed mainly of persons not Indian should be reported entirely on the general population schedule.</p> <p>This schedule contains on each side twenty horizontal lines, each running twice across the page, and it is consequently possible to enumerate on it only forty persons (twenty persons on the A side and twenty persons on the B side). Each Indian should be carried through from the beginning to the end of the line on which he is entered, as line 1, line 2, etc., and each inquiry from column 1 to column 10 which applies to the individual case should be answered.</p> <p>COLUMNS 1 TO 3.—These columns are identical with those on the general population schedule. Fill each column, so far as the inquiry applies, in accordance with the instructions for filling the corresponding columns in the general population schedule, but note the following additional instructions in relation to filling columns 1, 2, and 3:</p> <p>COLUMNS 4 AND 5.—If you are canvassing a given territory with both the general population schedule (Form 7-234) and this schedule for Indian population, make two independent series of numbers for these columns, one series in each kind of schedule, so that the last numbers on the two schedules when added together will correctly give the whole number of dwellings and of families visited and enumerated in your entire district.</p> <p>COLUMN 6.—If the Indian has no occupation and is wholly dependent on the Government for support, write "Indian Indian." If he is partly supported and partly dependent upon the Government, write "Part Indian" and then the letter "I" (for Indian). If the Indian is under 16 years of age and receives no support, write "Under age—E."</p>
